## Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are *starved* nerves. Dr. Pierce's Golden Medical Discovery *makes pure, rich blood*, and thereby the nerves are properly nourished and all the organs of the body are run as smoothly as machinery which runs in oil. In this way you feel clean, strong and strenuous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are *lasting*.

The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper *The Badge of Honesty*, in a full list of all its several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence.

Every ingredient entering into the world-famed "Golden Medical Discovery" has the unanimous approval and endorsement of the leading medical authorities of all the several schools of practice. No other medicine sold through druggists for like purposes has any such endorsement.

The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root, in all stomach, liver and bowel troubles, as in dyspepsia, biliousness, constipation, ulceration of stomach and bowels and kindred ailments, but the Golden Seal root used in its compounding is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherry bark, Bloodroot, Mandrake root and chemically pure triple-refined glycerine.

"The Common Sense Medical Adviser," is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of mailing *only*. For 31 stamps the cloth-bound volume will be sent. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation, biliousness and headache.

# Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, billousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

### ST. PETER'S CATHEDRAL.

It is to be regretted that so much horror should have been manifested by the press throughout the world over the explosion of an anarchist bomb in the Basilica of St. Peter's at Rome last week—an outrage which has probably created a far more profound impression than any other anarchist attack upon life and property in recent years. For it will encourage the foes of society to devote henceforth a greater amount of their attention to St. Peter's and to the Vatican than heretofore.

The anarchists have by the consternation expressed over the explosion of a bomb in St. Peter's at Rome last week acquired the conviction that the destruction of that world famed cathedral, by means of their high explosive, will create an even greater sensation than the murder of a monarch.

St. Peter's, the greatest church in Christendom, took hundreds of years to build and has played so notable a role in the annals of the world, has figured so continuously in its history, that its destruction by the anarchists would be a disaster altogether beyond repair—one which would be regarded as a catastrophe not merely by the 200,000,000 who look upon the basilica as the headquarters of their creed, but also by people of every other denomination, who consider it as one of the grandest monuments of the Old World.

Curiously enough, no one until last week ever seems to have dreamed of the possibility of any anarchist attempt to blow up St. Peter's. That the adjoining Vatican has, however, long been an object of alarming attentions and interest to the anarchists is well known to the Italian and foreign governments. In fact, one of the reasons why so large a garrison of picked troops is always maintained in the Eternal City is to protect the Vatican from the pillage and destruction to which it would be subjected if once a revolutionary mob led by anarchists got beyond control at Rome. Indeed, in recent years the government, at the instance of the papacy, has repaired and placed in order, ready for immediate use, the long bricked gallery or tunnel which connects the Vatican with the old fortress of San Angelo, where so many Popes have been compelled in ancient times to seek refuge from the populace, and to which the present Pontiff and his court would withdraw in the event of any revolutionary invasion of the Vatican.

The latter is known to be crowded as no other palace in the world not merely with priceless masterpieces of art and archaeology, but also with an enormous amount of treasure in precious metals, gems and bullion. It has sometimes been asserted that there is no building in the world, not even the Bank of England, which contains such a colossal amount of wealth within so small an area. Necessarily it constitutes a temptation not only to those anarchists who argue that funds alone are needed to put their nihilistic projects into execution, but also to those particulary dangerous and clever criminals who affect political ideals as a means to felony, and who find rich pickings in every revolutionary insurrection. The greedy eyes, then, of all criminal and anarchist Europe and America are concentrated upon the Vatican and the loot which it contains, and the destruction of St. Peter's would probably immediately precede or accompany the invasion of the home of the papacy.

### Feeling Against House of Lords.

The intensity of the political feeling aroused by the British House of Lords treatment of the education bill found expression yesterday in an emergency meeting of the general committee of the National Liberal Federation in London, at which a resolution was unanimously adopted urging the government to take the drastic step of totally rejecting the Lords amendments to the bill and to "resolutely determine that the present parliament shall not come to an end until steps are taken to bring to a final arbitrament the question whether the House of Peers should any longer possess the right of vote on the will of the people as declared by the House of Commons."

The meeting was the largest and most representative of its kind which had assembled during the last twenty years. The speakers warmly denounced the action of the peers, declaring that the House of Commons should not waste another day in considering the amendments to the bill, which should be returned to the House of Lords without debate, and that the liberal government ought to apply the only remedy, which must be drastic and final.

An important letter from Sir Henry Campbell-Bannerman was read in which the premier said that it was realized by all liberals "that the House of Lords would hasten to assert itself as the instrument of unionism as soon as the country rendered a verdict against the unionist government and the unionist policy."

### Fortunate Missourians.

"When I was a druggist, at Livonia, Mo.," writes T. J. Dwyer, now of Graysville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest Cough and Cold cure and Throat and Lung healer. Guaranteed by E. S. Leadbeater & Sons, Druggists, 50c and $1. Trial bottle free.

### Missionary Work on Fifth Avenue.

Missionary work among the fashionables of Fifth avenue, New York, by redeemed drunkards and thieves is the plan of Rev. Dr. Donald Sage Mackey, pastor of the church of which the President of the United States, Mrs. Russell Sage and Miss Helen Gould are members, to bring salvation to the society people of New York. Arrangements are being made by the minister of the Collegiate Church of St. Nicholas, which was founded in 1628, for a series of revival meetings among the parishioners, in which men who have been saved from sin in the missions of the lower city will tell of their conversion. Through this agency Dr. Mackey believes that the spiritual lethargy of fashionable and wealthy church members will be dissipated, and that conversions of society people will be accomplished.

ATMORE'S MINCE MEAT just received by J. C. MILBURN.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

WEDNESDAY EVENING, NOV. 28, 1906.

THANKSGIVING DAY will be observed tomorrow as a national holiday. Many persons will doubtless render suitable recognition of the blessings of heaven, but to equally as many more this day will be passed on lines followed on Christmas. Eating, drinking and conviviality will be prominent features of the day, while gunning and fishing will, as usual, engross the attention of large numbers. Thanksgiving Day, in its inception, is the idea of well-meaning men, but, like the birthday of the Redeemer of mankind, its spirit has long since been choked by the thoughtless who regard it merely as a holiday and an occasion when surfeiting and amusements may be indulged in ad libitum. That nations as well as individuals should make suitable acknowledgements of their blessings none will attempt to controvert, and that the United States, reckless as its rulers may at times be, has much for which to manifest appreciation is apparent to all. We live in an era of peace, minus famines, pestilences and the many other misfortunes which beset less favored nations, and that Author of our blessings should receive the thanks due from the creature to the Creator.

MR. E. H. HARRIMAN, who is just now in the limelight because of his financial coup in gaining control of the Illinois Central, and thus becoming master of 29,000 miles of railroads across the continent, representing a valuation of $2,000,000,000, gave to a Chicago reporter last week a remarkable interview. On being asked if he was ambitious to become a financial king, he said: "I would give it all up tomorrow if I could." This desire to give up comes to many men burdened and harrassed with the cares and responsibilities of business, but, who, like Mr. Harriman, cannot do so. Contrary to the opinion recently expressed by Mr. J. J. Hill, Mr. Harriman said he thought we had enough railroads, and that what we wanted was the development of the territory through which the railroads run and improving the lines to the highest point of efficiency. He said that any proposition which would, by agitation or otherwise, injure the character of big transportation companies so that they would not be able to raise capital for improvements would seriously affect the business interests of the country. To achieve success, a man must attend strictly to business and keep a little in advance of the time.

ONE OF THE things on which the continuing prosperity is builded is the staggering corn crop which the sturdy farmers have gathered this year. It is now estimated at 2,881,000,000 bushels. This is 173,000,000 bushels in excess of the largest previous crop, that of 1905. Two such full years following in succession give a great lift to the farmers, and the farmers lift all the rest of the people. The corn crop this year will be worth as much as the wheat and cotton crop combined and this country will have 200,000,000 bushels to spare for export after supplying the home demand. Corn is king, and the advocates of the Dingley bill only pretenders.

EVERY applicant for a license to practice medicine in Pennsylvania hereafter will be required to present with his application for examination by the State Medical Board a photograph of himself, certified by the dean of the college from which he was graduated and signed by the candidate himself. This rule was adopted by the State Medical Council last week. This will probably prevent some men ugly enough to scare a woman into convulsions from becoming doctors in Pennsylvania.

ON ALL the more important commodities the railroad managers of the United States are planning a considerable advance in freight rates, the additional revenues needed to make up for increase in wages and cost of construction. Thus it will be seen that the people will "pay the freight" as well as the advance in wages, though this advance they have been led to believe is paid out of the already abundance of the railroads' earnings.

EMIGRATION to the United States has so greatly reduced the number of farm laborers in Hungary that 20,000 Chinese will be imported to work on the farm. It is to be regretted that a few thousand Chinese farm hands can not be imported to work on the land in the South.

## From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Nov. 28.

President Roosevelt's Thanksgiving turkey arrived today from the farm of Horace Vose at Westerday, R. I. It is a twenty-eight pound bird, bronze tipped, that had a trace of wild strain in his blood, and according to the veteran poulterer who raised him, ought to be just about the finest morsel of turkey meat that was ever placed on the White House table. Mr. Vose has been raising turkeys for the White House Thanksgiving feast for many years and has waxed rich, it is understood, from the volumes of free advertising that he has gained there from.

The White House Thanksgining dinner will be served at the usual hour—7:30 p. m. and the President and his family will be joined by Mr. and Mrs. Nicholas Longworth, who are just now visiting here, and by probably two or three other friends who usually partake of holiday cheer at the mansion. Last year President and Mrs. Roosevelt spent their Thanksgiving at Pine Knot, Mrs. Roosevelt's cottage in Albemarle county, Virginia.

Only two favorites won at the Benning track yesterday. Society Bud, a 60 to 1 shot, captured the first race. Red Knight, at 1 to 3 in the third race, finished third, G. L. M., winning at 30 to 1. The attendance today is good, but tomorrow a very large crowd is expected to be present.

Virginians here are interested in a story that ex-Governor Montague may selected as a member of the Interstate Commerce Commissien by President Roosevelt.

The deposition of Mrs. Fanny Rice Bassett covering 16 typewritten pages, was presented to the court this morning in the divorce case instituted by Chas. C. Bassett in which Rev. Dr. E. Lawrence Hunt is named as correspondent. It states that Mr. Bassett left her in Washington on May 11, 1904, and that when he departed she made up her mind that she would never live with him again. Mrs. Bassett denies all charges of infidelity, although she admits that Dr. Hunt called on her frequently after Mr. Bassett left. She was questioned particularly about her stay in Baltimore when she was confined at the Johns Hopkins Hospital and as to who paid her expenses when the child Lawrence was born. This question she refused to answer. When asked why she did not inform her husband of the fact when her last child was born, she answered: "Because it was none of his business. He had forfeited all right to know."

What Congress will surely do: Talk, pass the regular supply measures. What Congress may do: Pass a river and harbor bill, pass the Philippine tariff reduction bill, pass the bill further regulating immigration, inaugurate the project of a deep water-way from the lakes to the gulf via the Mississippi river, scrap over ship subsidy and possibly take some action on it, define a future naval policy, act on the Smoot case, act on Santo Domingo and Isle of Pines treaties. What Congress will probably not do: Enact the proposed elastic currency measure, pass a new eight-hour law, pass an anti-injunction measure, amend the railroad rate and pure food laws. What Congress will surely not do: Revise the tariff.

Senator Burrows, chairman of the Senate committee on privileges and elections, who is handling the Smoot case, said today that he would bring up the matter as soon as the Senate meets, "I expect to get a vote on the case," said Senator Burrows, "before the Christmas holidays."

This was President Roosevelt's receiving day for United States Senators. During most of the forenoon his office looked like a caucus of the republicans of the treaty making branch of Congress, Speaker Cannon came in on the arm of Senator Penrose and stopped in the ante room of the President's office.

The Navy Department has decided to appoint Harry H. Rousseau, at present a civil engineer at the Mare Island Navy Yard, to be chief of the bureau of yards and docks, to succeed Admiral Endicott when he retires January 1.

Rosa G. Fones has been appointed postmaster at Fonoswood, Westmoreland county, Va.

At Benning today: First race, 6 furlongs. Killochan, 5 to 1, and 2 to 1, won; Umbrella, 8 to 1, place, second; Ala Russell, third, 1:17.

A razor was clutched tightly in the hands of the dead man, but there were no blood stains on the blade. It is believed that the originial intention of the man was to cut his own throat, but that he later decided to make the end by a wild leap from the window, which is 35 feet above the ground. Farriss was about 40 years of age and unmarried. He came from Lynchburg several years ago.

### Lake Steamer Lost.

Word was received at Cleveland, Ohio, last night that the passenger steamer J. H. Jones was lost in Georgian Bay during last Thursday's gale, with all on board. It has been learned that the boat's crew, numbering twelve, and eighteen passengers went down with the boat. Three bodies were washed ashore near Collingwood, Ontario, yesterday, and were identified as members of the crew of the ill-fated boat. Wreckage of the steamer has also been found.

The Jones left Wiarton, Ontario, last Thursday for Collingwood. She was sighted late the same afternoon off Griffin Island, but since that time nothing has been heard from her. Most of the passengers are thought to have been fishermen bound for Collingwood, after having laid up their tugs at Wiarton for the winter.

The J. H. Jones was a small passenger steamer, of 152 tons, and was 107 feet long.

### EDUCATIONAL.

The Virginia Educational Conference began yesterday in Richmond with a meeting of the State Teachers' Association at the Seventh street Christian Church, a superintendents' conference in the hall of the House of Delegates, a meeting of school trustees and other officers at the Y. M. C. A., and a number of district meetings in smaller halls. It is the greatest educational rally in the history of the State. Five hundred teachers were registered before the hour for the first meetings arrived, and the number will probably be four times that by tomorrow.

Frank T. West, of Louisa, presided over the superintendents' meeting. The election of permanent officers resulted as follows: G. G. Joynes, president; D. L. Pulliam, vice president; B. E. Copenhaver, recording secretary; Frank T. West, secretary, and M. D. Hill, treasurer. A committee of one from each congressional district was appointed to select an executive committee and report tomorrow.

The State Teachers' Association meeting, at the Seventh Street Christian Church, was presided over by Prof. Ormond Stone, of the University of Virginia, the vice president, the president being absent. Prof. R. L. Blanton, principal of one of the city schools, made the address of welcome. Several addresses on educational subjects followed. At the close of the session the meeting divided by districts to name members of a committee to report on permanent organizations.

Improvement of Virginia schools was the keynote of the officers' meeting at the Y. M. C. A. The State superintendent, J. D. Eggleston, told of the success of hauling the children, and epigrammatically declared that it was better to haul the children to school than to haul the school to the children. He particularly advocated the consolidation of the smaller schools. Bigger, better and prettier schools were advocated by all the speakers.

The central meeting of the educational conference was held last night in the Academy of Music, Mayor McCarthy presiding. Governor Swanson, who made the opening address, was given the Chautauqua salute and an enthusiastic reception. The state and city school authorities occupied seats on the stage, and the boxes were filled with prominent visiting educators. State Superintendent of Public Instruction J. D. Eggleston followed the Governor in a spirited speech. A feature of the convention was the singing by the chorus of the Richmond High School, where vocal music is taught.

Minot St. Clair Francis, the desperate negro convict who escaped from the Maine prison at Thomaston two weeks ago, was captured this morning at Glenburg, two miles out of Bangor.

### FAILS TO STOP TILLMAN.

The efforts of the colored citizens of Chicago to prevent Senator Tillman from delivering an address in that city last night in Orchestra Hall were unsuccessful. When the Senator arrived in Chicago early in the afternoon he was told of threatened injunction proceedings to prevent him from appearing on the platform and of a money consideration that had been offered if he would cancel his engagement, but Mr. Tillman expressed scorn for both.

Mayor Edward F. Dunne, was scheduled to preside at the meeting, but refused to have anything to do with the affair after a committee of colored citizens had visited him.

Senator Tillman gave his address protected by forty detectives. In anticipation of trouble a number of policemen were kept at nearby stations in reserve, but they were not called for. Six colored policemen mingled with the crowd which blocked the street in front of the hall.

In the audience were many negroes, but they listened to Senator Tillman's remarks good naturedly, and, although he was interrupted many times, the meeting passed off without trouble.

In leading up to his address, "Shall the United States Annex Cuba?" Mr. Tillman took occasion to criticise Mayor Dunne's action in refusing to preside at the meeting.

"I have been told that I have been snubbed by the Mayor of this city," said the Senator. "I did not ask Mayor Dunne to be here tonight. If any one has been snubbed it is the gracious women who planned this meeting to secure money for the Chicago Union Hospital and who requested Mayor Dunne, the creature of a political hour, to come forward and add his mite."

"I have been advertised to discuss the annexation of Cuba," continued Mr. Tillman, "but in view of the fact that I could not discuss the race question, I am going to go at the matter hammer and tongs. Therefore I shall discuss the race problem pure and simple from an American standpoint and not from a Cuban standpoint. Owing to my experience with the question and that diligent study have made of it, I believe I am better qualified to discuss this question than any other man in America."

While discussing the fifteenth amendment to the constitution, which he declared gave the negro every right that a white man had, he was interrupted several times, by one of his listeners, who kept asking, "How about Kentucky?"

Finally Mr. Tillman seemed to lose his temper and exclaimed:

"Oh, shut your mouth! You don't know the A, B, C of this thing. I forgot forty years ago more than you ever knew."

"You make up your minds that equality before the law which the fifteenth amendment guarantees is right and should be enforced, notwithstanding its result. If this law was enforced it would result in two States at least being dominated absolutely by negroes, while four other States would be so near being governed by the negro that there would practically be an equal division of officers."

Some one called out: "How about the law?"

Senator Tillman"—The law? To—with such laws!"

While denouncing the blacks he criticised President Roosevelt for discharging the negro troops. On this point he said: "I don't believe President Roosevelt was justified in treating the negro troops in Texas as he did. Because their comrades would not give up guilty men he dishonorably discharged, without a court-martial, to which the men had a right, three whole companies of soldiers.

"I don't believe the innocent should suffer for the guilty."

During his speech he said: "I want you to realize the gravity of the race question.

"I have lived among negroes and I know them. If the white men did not govern the negroes the negroes would govern the whites.

"We may have these rules rather elastic, to suit the necessities of the case. We may have stuffed ballot boxes and resorted to the shotgun, but we never sank to the infamy of electing a negro to office.

"Encouraged by the treatment they have received in the north, the negroes have come to think they are better than a white man. They are not as good as white men. They never have been, and they never will be.

"I will tell you the trouble with the southern negroes. It is simply a case of suffrage.

"You negro lovers don't know the question. Before the South will submit to negro domination, we will send a couple of million blacks to the north, and you'll see the fifteenth amendment repealed very suddenly.

"I don't believe in lynching. But when a southern man leaves home in the morning, he goes with the thought that his wife and daughters may be attacked in his absence by a negro. I'd rather see my daughters torn limb from limb and eaten by wild men than suffer such a fate.

"I don't believe a living thing should be burned alive, but there must be a way found to prevent this danger.

"If I know myself, before my God, I want to deal with the negro honestly and fairly, but, knowing them as I do, I never can believe they should have the rights of a white man."

"No matter what the people in the North may say or do, the white race in the South will never be dominated by the negro, and I want to tell you now that if some State should ever make an attempt to 'save South Carolina,' we will show them in their fanaticism that we will make it red before we make it black.

"God Almighty made the Caucasian of better clay than the Mongolian or the African or any other race. The Ethiopian is a burden-bearer. He has done absolutely nothing for history; nor has he ever achieved anything of great importance."

Senator Tillman then told his audience of the attacks on white woman by negroes in the South and declared that the people of the North were in a great measure responsible for this state of affairs.

### The Gillette Trial.

Herkimer, N. Y., Nov. 28.—District Attorney Ward is having a search made today for a mysterious poison package sent to Grace Brown last June in South Otselic, with the belief that the handwriting on the package will show that Chester Gillette, now being tried for the murder of Grace Brown, was the sender of the poison.

The prosecutor has positive information that a bottle containing oil of sabins, a most powerful poison, was received by Grace Brown on June 29.

"I have been suffering from some tubercular trouble and this medicine has been sent me from Cortland," said Miss Brown to her family.

The poison produced anemia, which was commented on by the physicians at the autopsy. Dr. Crum said he had searched the Brown house from cellar to garret and had even dug up the gardens surrounding the place, hoping to find the bottle. He says that Grace Brown undoubtedly had no idea of what she was taking.

The defense is still preparing its case along the line that Grace Brown had determined on suicide if Gillette finally refused to marry her. Gillette will go on the stand and explain how the girl, on his declination to marry her, endeavored to make away with herself. He will tell the jury of the sharp struggle in the boat which capsized and threw them into the water.

One of the chief witnesses for the defense is said to be a young woman who was a confidant of Grace Brown. The young woman is said to have received many letters from Grace Brown, in which she expressed her intentions of committing suicide if Chester did not marry her.

Gillette is far from well. His keeper today said that he had lost fifteen pounds since the trial began, and he has become irritable and at times extremely melancholy.

Gillette weighed 145 pounds three weeks ago. His cheeks are sunken and dark rings encircle his small deep set eyes. His prison pallor is accentuated by the deep black lines on his face. Sheriff Richards hopes his prisoner may hold himself until the trial is over.

The prosecution rested at 10.40 today in the Gillette case.

Gillette was put on the stand today. In a nervous manner he gave certain chapters in his life, as well as his relations with Grace Brown. He went into most of the details of his visit to Moose Lake with the dead girl up to the time he hired the boat. As he reached the interesting chapter in his story a recess was taken until one o'clock.

When court reconvened Gillette resumed his story. He gave a long description of the row on the lake, the conversation between himself and his companion; said at one time she wept when he suggested that she should tell her people of her troubles. Miss Brown, according to Gillette's story, said: "You don't know my father." Those were he said, her last words. "Then she jumped up and leaped overboard. I tried to reach her and in doing so, the boat upset."

### Loss of Life at Hotel Fire.

St. Louis, Nov. 28.—Penned in as were the victims of the Iriquois Theatre horror in Chicago, 250 inmates of the Salvation Army Hotel, northwest corner of 9th and Market streets, this morning were trapped behind barred doors when flames broke out on the first floor of the building. Four men met death by leaping from windows when they suddenly realized that escape was cut off. No one thought to make use of the rope life lines that are hooked in each room and only one man had presence of mind enough to slide down a wire.

The hotel was filled to its capacity, which is the reason for its doors being locked. When the clerk sold the last bed, he barred the down stairs door, as was the custom, to keep out the hundreds more who might vainly seek accommodations. When the police broke down the door it disclosed a crowd of yelling, pushing, struggling men.

Others on the two sleeping floors, discovering the passage to the street blocked, ran back into the dormitories and to the windows. Despite cries of firemen to wait for ladders and nets, the frightened victims blindly leaped. The building was gutted.

Firemen think a cigarette or lighted cigar stump is to blame for the fire, or rather the carelessness of the smoker who threw the smouldering remnant into a closet a few feet from the clerk's desk.

### Threatens to Kill Rockefeller.

New York, Nov. 28.—Mrs. Rosbelina Sandfield was arrested today after threatening to kill John D. Rockefeller if he did not pay her $1,000,000. She was taken into custody while trying to cash a check for a million dollars which she said had been given her by the Standard Oil Magnate. Mrs. Sandfield explained that her animosity to the oil king was due to the fact that her husband had been ruined by the Standard Oil Company. Mrs. Sandfield called at the Standard offices and saw Mr. Rockefeler's Secretary. He heard her story and then handed her a bit of paper saying she had been treated badly and that "this check for $1,000,000" would repay her. When she tried to cash the check she was told to return today. An officer was waiting for her when she came. In police court the woman's husband said she had been ill for some time and slightly demented. A Standard Oil attorney said he believed the woman was a harmless lunatic and she was committed to Bellevue Hospital for treatment.

### Money Dropped from Stocking.

Philadelphia, Nov. 28.—False modesty cost Miss Mary Carmack, of this city, just $106, and she is today lamenting its loss. Miss Carmack drew that sum from the bank and put it in her stocking for safekeeping. While walking along the street her garter broke and believing it would be an unpardonable offense to repair the damage on the street, she walked proudly along leaving a trail of bills behind her. When she reached her home her stocking was as empty of money as Mother Hubbard's cupboard, but her modesty was saved.

### Death of a Centennarian.

Boston, Nov. 28.—Rev Wm. Howe, D. D., said to be the oldest clergyman in this country, died last night at his home in Cambridge. He celebrated his 100th birthday last Saturday. Dr. Howe was born in Worcester. He retired from active service in the Baptist ministry forty-four years.

### Interesting Documents.

London, Nov. 28.—Relics and documents of great value from a religious standpoint relating to Jesus and the New Testament have been brought to light in Egypt. The report of discoveries in the ancient city of Oxyrhynchus soon to be published it is stated will cause a sensation among theologians throughout the Christian world. The most important find is a fragment of a new gospel containing forty-five lines written on vellum describing a visit of Jesus and his disciples to the temple in Jerusalem. A Pharisee rebukes Jesus for not performing the purification ceremony and describes at length the ceremony he had performed. Whereupon Jesus delivers an eloquent reply, contrasting outward and inward purity. The style is picturesque and vigorous and the phaseology contains a number of words not in the New Testament. Minute knowledge of the purification ceremony is shown.

Other finds include an unknown version of the Acts and the gospel of St. John and a vellum leaf written in the fourth or fifth century of the lost Greek original of the Acts and St. Peter's gospel.

Several "profane" documents were also uncovered. Among these are a new speech by Demosthenes, fragments of Plato, fragmentary poems of Sappho and parts of a new history of Greece which differs from Xenophon's history.

Richmond, Nov. 28.—The Cathedral of the Sacred Heart, the most magnificent house of worship in the South, will be consecrated Thanksgiving morning. There will be present practically all the great church dignitaries and prelates in the United States, together with every priest in Virginia. A personal representative of the Pope will take part in the religious ceremony, which will begin at 6 o'clock in the morning and extend probably until far into the afternoon. The erection of this church, which was made possible by the munificence of Mr. and Mrs. Thomas F. Ryan, of New York, will mark the culmination of 30 years of labor on the part of Bishop Augustin Van De Vyver, who will be the central figure in the ceremony.

### Charged With Poisoning Five Persons.

Philadelphia, Nov. 28—Bridget Carey, the frail little woman arrested yesterday on suspicion of having poisoned five persons, including two of her own children, and her husband, to obtain the insurance on their lives, is a wreck today in her cell in the Central Police station. Doctors have been working over her ever since she first collapsed on being locked up but it is doubtful whether she can be arraigned for several days. The woman, it is alleged, used rat poison to accomplish her crimes, and that she placed the poison between biscuits which she gave to her children. The bane was mixed with her husband's coffee.

### Searching for Desperado.

Mobile, Ala., Nov. 28.—The police are searching Mobile today for an extraordinary desperado. As he was leaving the town he held up a stage and received money and valuables from the passengers. He then proceded to Beatrice, Ala., where he blew open another safe and obtained more money. It is believed that he made his way to Mobile and is in hiding there.

### Echo of the Caruso Case.

New York, Nov. 28.—The success of Deputy Police Commissioner Mathot in securing the conviction of Enrico Caruso may be the the direct cause of his removal from office. Commissioner Bingham has demanded an explanation of an interview in which Mathot said he had the names of many prominent men who had been guilty of the act for which Caruso was fined. The daily press today demands that Mathot either make good his charge or resign. Bingham says there is no such list.

### Commodore and Mrs. Peary.

## City Council.

### BOARD OF ALDERMEN.

No business originated in the board at the meeting last night, and the action of the Common Council on the papers sent in was concurred in by unanimous votes and without debate.

### COMMON COUNCIL.

The first business of the evening was the election of a member of Council from the Third ward to fill the vacancy caused by the resignation of Mr. Gardner L. Boothe who had removed from that ward.

Mr. F. J. Pollard, who was a member of the last Council, was nominated, as was Mr. Robt. L. Monroe.

The Chair stated that he had been advised by counsel that under the constitution no citizen is eligible to office in the gift of Council within a year after having been a member of Council, and that Mr. Pollard was barred under this ruling; he, however, left the question open to the members.

Mr. Burke requested that the law on the subject be read, which was done.

Mr. Uhler doubted the construction placed upon the law. He believed that Mr. Pollard was eligible, and that a councilman was not in a general sense an officer.

Mr. Marshall and others said they would have voted for Mr. Pollard had his eligibility been beyond question.

Mr. Hellmuth then withdrew the name of Mr. Pollard.

On a ballot being taken Mr. Robert L. Monroe, in whose support Mr. Birrell delivered a short speech, was unanimously elected.

On the favorable report of the street committee $275 was appropriated to resurface Patrick street between Princess and Orinoco.

An order for a gas lamp at the northeast corner of Duke and St. Asaph streets, was agreed to.

An ordinance was introduced by Councilman Spinks providing that dealers in second-hand goods be required to keep a strict record of the circumstances of the purchase of any second-hand articles from persons other than licensed merchants; that copies of such records be furnished to the police before 11 o'clock each day, and that the books be open for inspection by the police at any time. A fine of not less than $50 nor more than $100 is the penalty provided for the violation of the ordinance. It was referred to the committee on general laws.

An application for leave for the erection of a frame building on the Mutual Ice Company's property at the foot of Cameron street was made and the application was granted.

An application for an electric light at Princess and Fayette streets was referred.

A communication from the drivers of the fire department, calling attention to "the alarming increase in the cost of living," and asking for an increase in their salaries, was referred to the committee on finance. To support the appeal the petitioners referred to the salary they are now receiving, ranging from $45 to $47.50. The petition bore the indorsement of the board of fire wardens.

### JOINT MEETING.

The Board being assembled in joint convention President Sweeney announced the object to be the choice of four members of the School Board to fill the vacancies occasioned by the expiration of the terms of Messrs. C. R. Yates, of the 1st ward, G. Wm. Ramsay, of the second ward, Wm. F. Carne, of the third ward and W. B. Smoot, of the fourth ward, and a ballot being taken these gentlemen were unanimously reelected.

Council then adjourned.

### Thanksgiving Day.

Tomorrow, Thanksgiving Day, will be a legal holiday, so designated by the President and the Governor of Virginia. The day will be observed here as such, though there will be no general suspension of business nor will there be any special features. The banks and public offices will be closed, the post-office will observe Sunday hours, the schools will be given holiday and after the morning hours many of the stores will be closed. The day in many instances will be one of family reunion and the Thanksgiving dinner will be the feature. Many will enjoy the day hunting in the neighboring country, while others will make excursions to the near-by cities. The day will be one of rest to a few but to the majority it will be one of strenuous exertion. Services will be held in many of the churches.

### Thanksgiving Service.

As has been announced, a special choral service will be held at St Paul's Church tomorrow night at 8 o'clock, when Schnecker's Cantata, "The Fatherhood of God" will be sung. Schnecker is one of the best writers of sacred music and this cantata is a succession of beautiful solos, duets and trios, which will be sung by the different members of the choir, and the choruses by the full choir of forty voices. All are invited to this service. Ushers will sent those who are not regular attendants at the church.

### Police Commissioners.

The police commissioners at their meeting last night elected Officer B. Frank Bettis second lieutenant of the force. Officer John T. Roberts and former Sergeant James T. Smith were nominated for the position. The second lieutenant will have practically the same duties to perform as those of the first lieutenant, but will only receive the compensation of a private. The chief will now be the executive head of the body, having been relieved from the routine duties of supervision of the force. The commissioners adopted the remaining sections of the new set of rules for the management of the force.

The new rules contain many sections taken from the old book, but the present regulations are more positive and binding upon the officers and members of the force. The preface is as follows:

Any officer or member of the force shall be subject to reprimand; forfeiture of furough; deduction of pay; suspension from duty; reduction in rank; dismissal from the force, or any one or more of the foregoing penalties, according to the nature and aggravation of his offense, for any of the following causes, or for any violation of the rules and regulations governing the force:

Disrespect to a superior officer.
Unnecessary violence to prisoners.
Leaving post without just cause.
Neglect in paying just debts.
Immorality, indecency or lewdness.
Absence without leave.
Incompetency, lack of energy, and incapacity, mentally or physically.
Entering any building except in discharge of duty, while on post.
Sleeping on duty.
Neglect of duty.
Violation of any criminal law.
For making known the proposed action or movements of the force, or the provisions of any order to persons outside the force.
Conduct unbecoming an officer and a gentleman.
Conduct subversive of good order and the discipline of the force.
Not properly patrolling post.

For taking part in the election of any candidate for political office or for the appointment or promotion of any one in the Police Department.

Conversing during the tour of patrol duty with any other member of the force or a citizen, except in the proper discharge of duty.

The previous rule forbidding officers to drink while on duty or to enter houses where liquor is sold except on police business is re-enacted, and no member will be allowed to use tobacco in any form while answering a rollcall or in attending a meeting of the Police Board.

### The Drowning of M. L. Cleveland.

The body of Melvin L. Cleveland, the young Naval Reserve boatswain of the steamer Oneida, of the District National Guard, who was swept from his post and drowned early Monday morning on the boat's cruise down the Potomac to meet President Roosevelt, has not been found, despite the fact that the lower river has been thoroughly dragged. The Oneida returned to Washington yesterday at noon. The drowing occurred before daylight Monday morning. Young Cleveland had gone on watch on the power launch of the Oneida, which was being towed by a cable about fifteen fathoms long. He was steering this craft. Off Coltons a man stationed on the stern of the Oneida to watch the boat in tow noticed that the boat was acting queerly and heard a cry of distress from Cleveland. He had the ship stopped as quickly as possible, and the fact that Cleveland was missing was discovered. The boat in tow was partly filled with water, but still easily afloat. The boat has air chambers and cannot be sunk. It is believed that in its careening, the young boatswain was shaken loose and washed overboard. The weather being cold, he was heavily clad and wore large rubber boots. No man could swim in this apparel, and Cleveland went down despite the fact that he was a strong swimmer.

### Personal.

Mr. Robt. L. Monroe, who was last night elected by the Common Council, a member of that body, is a prominent young business man of this city, being a member of the wholesale and retail grocery firm of Garrett & Monroe. It is believed by his many friends that he will make an excellent councilman.

Mr. and Mrs. Phil Leterman, of Charlottesville, and Miss Fannie Herzog, of Baltimore, are visiting ex-Mayor Henry Strauss.

Mr. Joseph A. Mingin, who recently had his leg amputated at the Alexandria Hospital, has returned to his home, No. 721 Queen street.

Mr. Laurence Leadbeater, now a prominent attorney in Birmingham, Ala., is in the city on a visit to his old home.

Rev. Father Kelly, of St. Mary's Church, has received intelligence that Rev. Father H J. Cutler, rector of that church, but who is now in Europe, expects to reach home in about three weeks, much improved in health.

The Thursday Night Assembly will give a soiree at McBurney's Hall Thanksgiving night.

### Fined Ten Dollars.

Charles Gaskins, colored, was arrested yesterday by Officers Lyles and Knight charged with stealing two breastpins from a residence on north Washington street. Gaskins was working for a paperhanger of this city and had gone to the residence to clean the walls preparatory to the hanging of paper on them. After Gaskins had departed the lady of the house discovered that two breastpins were missing. The suspect was found and charged with the theft of the jewelry. He at first denied having seen the pins, but later returned one of the missing articles that belonged to the lady together with another made of brass. The lady repudiated the latter and took possession of the one belonging to her. Gaskins was given a reasonable time in which to produce the other pin, and failing to do so was arrested. He claimed that he found the gold and brass pins on the floor of the room in which he was employed. The accused was brought before the Police Court this morning and fined $10 by Justice Caton. This was the only case on the docket.

### Basketball.

The Young Men's Athletic Club will open up their new headquarters at Schuler's Hall tomorow night with the strong Shamrock basketball team as their opponent from the District City League. The game will be called at 8:30 o'clock, and a good game is promised all who attend. The Shamrock team is composed of some of the best players of the District of Columbia. The line-up of the Young Men's team will be: Dobson, Gray, Duble, Bigge, Tomlin and Tennerson. Ladies are cordially invited to attend.

### Death of Capt. Vernon.

Capt. Charles R. Vernon, who was the only surviving member of the original Metropolitan police department, of Washington, died last night at his home, 807 F street southwest. He was seventy-four years old, and had been retired from the police force about two years. He occupied nearly every position in the department, and left a record covering forty-five years of service. Capt. Vernon was born in Alexandria county in 1832, and went to Washington in 1856. He was a member of the Masons, Odd Fellows and Red Men.

### W. C. T. U.

The public is invited to attend a pound, penny and potato party, to be given at the Children's Home, Thanksgiving Day. The board of lady managers of the Home will assist Miss Minnie Phillips in receiving the donations. Hours 2 to 6 o'clock. There will be no regular meeting of the W. C. T. U. Thursday afternoon and the temperance prayer meeting will not be held in the evening.

### Turkeys.

The supply of turkeys offered for sale in this city for Thanksgiving Day, while not so large as on some other occasions, is equal to the demand, as the prices have prevented many from making purchases. Turkeys sold today at from 22 to 25 cents per pound and other poultry was correspondingly high.

### Death of Mrs. Thomas.

Mrs. Bridget Thomas, wife of Mr. John Thomas, died at her home, No. 123 south Pitt street, last night. The deceased was 59 years old. She was a native of Ireland. The interment will be made in St. Mary's cemetery.

### LOCAL BREVITIES.

The "Seven Cent Sale" at Lee Camp Hall last night was well attended and was quite a successful affair.

Mr. Harry Rice while lifting a barrel of sugar at his store on north Fairfax street yesterday evening had the misfortune to brake his wrist.

A high northwest wind set in yesterday and continued most of the night. The temperature fell considerably, and conditions today have portended approaching snow.

Adam Beasley, eighteen years old, was taken to the Emergency Hospital in Washington late last night suffering from bruises on the head and body. He told the physicians he had been struck by a Mount Vernon car in Alexandria county. His condition is not serious.

Reuben Brown, aged fourteen years, son of J. T. Brown, of Caroline county, has been arrested by Detective Kennedy, of the Richmond, Fredericksburg and Potomac Railroad, and has confessed to having tied pieces of iron on the railroad track near Milford. Discovery was made in time to prevent the wreck of a Seaboard Air Line train which had previously left this city. An effort will be made to send the boy to the State Reformatory.

Dr. John H. Ladd, thirty-eight years old, and John Shipley, forty years old, both of Washington, were rescued opposite Geisboro Point yesterday afternoon by Capt. Ellis, of the slooop Fanny Shepherd, after having battled against death for nearly two hours. They had been precipitated into the water by the overturning of their skiff. When taken out of the water the men were badly chilled. They were transferred from the sloop to the police harbor boat Vigilant, which carried them ashore.

### Mysterious Death.

Newark, N. J., Nov. 28.—Little light has been thrown on the mysterious death of Richard L. Barrington, an artist, in his office here yesterday, with a bullet wound in either temple, by the police investigation today. For the present, Mrs. Frank Hogel, or Carrie Utter, as she was known here, Barrington's stenographer, is being held. Barrington is known to have been in financial distress. Mrs. Hogel says she left the office at 11 o'clock yesterday after asking Barrington to pay her $35 salary, which he confessed he could not do. She returned at 2 to find his dead body on the floor. She summoned an elevator boy who gave the alarm. Mrs. Hogel asserts Barrington killed himself. If this is true, he must have changed the revolver found near him from one hand to the other after the first shot was fired and pulled the trigger twice, as the first cartridge failed to explode.

### Barrett Married.

New York, Nov. 28.—Theodore Barrett, the young Louisville millionaire, who figured recently as the victim of a gambling loss of $61,000 to Nat Goodwin, when they cut cards for $2 000 a cut, is again in the lime light. Today he is playing the role of bridegroom and the bride is Miss Louise McNamara, of Brooklyn, who has appeared in the chorus of several musical plays.

### Suicide of Disappointed Author.

New York, Nov. 28.—Tired of life because publishers did not recognize his abilities, the body of Lawrence Lewis, a young song writer and dramatist, who had shot himself in a room in the Bartholdi Hotel, was found last night. In his pocket was a letter rejecting a song. Forty cents was all the money in his possession.

### TELEGRAPHIC BREVITIES.

A colossal combination of all the railroads in the West to the Canadian border and the Mexican line—this was the stupendous movement checked by James J. Hill. Mr. Hill made this remarkable disclosure while testifying before the Minnesota Railroad and Warehouse Commission at St. Paul, Minn.

King George of Greece, who completed his visit to Rome yesterday, was robbed of a gold cigar case by a clever pickpocket on Monday while he was walking through the streets of the Italian capital. A Spaniard named Vimpren was arrested. He acknowledged the theft and said he had a mania for collecting rare objects and wanted to add King George's cigar case to his collection.

### Mitchell Attacked.

A dispatch from Tamaqua, Pa., says that sensational charges are being made by William Dettery, president of the seventh district of the United Mine Workers, who, it is said, is being forced out of the organization because of his socialistic tendencies.

In a newspaper that is admitted to be Dettery's mouthpiece it is stated that it was John Mitchell who first drew the miners' union into politics; that Mitchell has for a long time been hobnobbing with the operators, and that he is now trying to line the organization up to support President Roosevelt for a third term. In the article, it is also charged that Mitchell wears a $500 diamond ring that was presented to him by the operators. The article then concludes as follows:

"There is every reason to warrant the assertion that the miners' union will, within six months, be a thing of the past, but between now and then some of the inner workings of the organization will be exposed, backed up by positive proof, and then the miners will be able to judge for themselves who is responsible for the decay of the organization."

### Postmaster Robbed.

G. W. Fouts, Postmaster at Riverton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters; which cured me and have kept me well for eleven years." Sure cure for Biliousness, Neuralgia, weakness and all Stomach, Liver, Kidney and Bladder derangements. A wonderful Tonic. At E. S. Leadbeater & Sons' drug store, 50 cents.

### Meteor Just Missed Two Houses.

The families of George Kraugon and Margaret Diebold, living in adjoining houses at Marion, Ohio, were startled Thursday night by a dazzling light, followed by a concussion that shook their houses and a hissing as of steam escaping from a safety valve. Investigation showed that a meteor had fallen between the houses, burying itself deep in the ground, and the steam was caused by the hot mass coming in contract with the damp earth. From the size of the hole it is judged that the meteor must have been a foot or more in diameter.
